

PBL INSTITUTES & EVENTS

Leadership Team Workshop

Overview

The PBL Leadership Team Workshop is a three-day intensive dive into how school and district leaders support the conditions for Project Based Learning to thrive in their systems.

Reflecting on their current reality, participants will design their strategy to implement PBL and foster a project based mindset for teaching, learning and leading that moves them forward along the PBL Leadership Progression of Practice.

Who Should Attend?

This workshop will support school and district leadership teams to forward the work of Project Based Learning in their setting whether new or experienced practitioners of PBL.

Day 1 - Project Slice

As result of this workshop, participants will:

- Experience PBL as a learner
- Engage with colleagues in a collaborative experience
- Reflect on current and future practice

Day 2 - Workshop

As result of this workshop, participants will:

- Identify key actions that will guide PBL implementation and move the school as well as advance leadership practices along the PBL Progression of Practice continuum
- Understand and explain how Gold Standard PBL aligns to your district vision/strategic plan

Day 3 - Workshop

As result of this workshop, participants will:

- Collaborate as a network of leaders to build coherence and capacity to move PBL implementation forward

Final Product

As result of this workshop, participants will:

- The leader will create a product to inspire positive momentum in the conditions necessary for Project Based Learning
